MF80	80 Litre Inshore Mussel Float	988 L x 500 H x 425 W	
MF130	130 Litre Inshore Mussel Float	988 L x 580 H x 530 W	
MF200	200 Litre Inshore Mussel Float	1114 L x 680 H x 630 W	
MF300	300 Litre Offshore Mussel Float	1314 L x 740 H x 670 W	
MF330	330 Litre Offshore Mussel Float	1400 L x 800 H x 710 W	<b>NEW PRODUCT</b> 
MF400	400 Litre Offshore Mussel Float	1620 L x 900 H x 810 W	

## Single Line Mussel Floats

JFC single line mussel floats can be used for both surface or submerged lines. A combination of floats can be used to either increase or reduce the level of floatation required. Eg. As seed grows and becomes heavier the larger MF250 floats can be added to achieve the optimum floatation required.

### Benefits

- Ideal for collecting spat both inshore and offshore.
- Can be used for extra buoyancy on long lines.
- A combination of floats can be used to either increase or reduce the level of floatation required.
- Recyclable and low visual impact.
- Strong and durable.
- Can be used to depths of 30m+

CODE	DESCRIPTION	DIMENSIONS (MM)	
SF40	40 Litre Offshore / Inshore Submersible Mussel Float	420 Ø x 651 H	
MF250	250 Litre Offshore Mussel Float	880 Ø x 938 H
